

# Khalid Imran

Flutter Developer · CS Student · UET Taxila

## PROFESSIONAL SUMMARY

Motivated Computer Science student and aspiring Flutter Developer with hands-on experience building cross-platform mobile applications using Flutter, Dart, Firebase, and REST APIs. Skilled in modern UI/UX design principles, state management, and clean architecture patterns, with a strong focus on delivering performant, intuitive, and production-ready mobile apps that elegantly solve real-world problems. A quick learner, dedicated team player, and passionate about turning ideas into polished digital experiences.

## CAREER OBJECTIVE

Seeking an internship opportunity in mobile application development where I can apply my technical skills in Flutter and Firebase, contribute meaningfully to real-world software projects, learn from experienced engineers, and grow into a professional, industry-ready Flutter Developer capable of building scalable, maintainable mobile solutions.

## TECHNICAL EXPERTISE

**Mobile:** Flutter, Dart, Cross-Platform Development, Responsive UI, Animations

**Backend & APIs:** Firebase Authentication, Cloud Firestore, REST APIs, JSON Parsing

**Tools:** Git, GitHub, Android Studio, VS Code, Postman, Figma

**Concepts:** OOP, MVC, State Management, Clean Code, Debugging, Problem Solving

## PROJECTS

### ■ Food Delivery App (UI Only)

Crafted a modern, responsive Flutter UI for a food ordering platform featuring category browsing, restaurant cards, cart screens, smooth page transitions, and an intuitive checkout flow.

### ■ Firebase Login App

Engineered a production-grade authentication module using Firebase phone OTP, persistent user sessions, comprehensive form validation, and clean error handling for a secure login experience.

### ■ Weather App (Location-Based API)

Developed a real-time weather application leveraging device geolocation and a public REST API to display live forecasts with dynamic themed backgrounds and clean, readable data visualisation.

### ■ Instagram UI Clone

Reconstructed Instagram's full interface in Flutter with pixel-accurate feed, stories, reels, profile, and navigation screens — emphasising layout precision and reusable widget composition.

### ■ WhatsApp UI Clone

Implemented a complete WhatsApp-style chat interface with tabbed navigation across chats, status, and calls, plus themed conversation screens and a consistent component design system.

### ■ Tic Tac Toe Game

Built an interactive two-player game with complete game-state logic, win/draw detection, animated reset flow, and polished UI transitions for an engaging and smooth user experience.

### ■ Calculator App

Designed a fully functional calculator app with a clean responsive interface supporting chained arithmetic operations, decimal inputs, and robust error handling across all edge cases.

## KEY STRENGTHS

- Deep understanding of the Flutter widget tree, layout system, state management, and app performance optimisation techniques.
- Skilled at converting Figma and design mockups into pixel-perfect, responsive, and accessible mobile user interfaces.
- Comfortable integrating Firebase backend services and third-party REST APIs into scalable, maintainable application architectures.
- Strong collaborative mindset with clear communication, consistent delivery, and a passion for writing readable, well-structured code.

## ADDITIONAL INFORMATION

**Availability:** Immediately available for internships and junior developer roles (remote or on-site).

**Work Style:** Comfortable working independently or within agile teams; experienced with Git-based collaborative workflows.

**Learning Path:** Currently deepening expertise in advanced Flutter animations, GetX state management, and backend integration patterns.

**Portfolio:** All projects are maintained on GitHub with clean commit history, README documentation, and modular code structure.

## KHALID IMRAN

Flutter Dev | CS Student

### TECHNICAL SKILLS

- ◆ Flutter & Dart
- ◆ Firebase Auth & Firestore
- ◆ REST APIs & JSON Parsing
- ◆ State Management (Provider)
- ◆ Responsive UI & Animations
- ◆ UI/UX Design Principles
- ◆ Git & GitHub
- ◆ Android Studio / VS Code
- ◆ Figma & Postman
- ◆ C++ & OOP Concepts
- ◆ Clean Architecture / MVC
- ◆ Problem Solving

### EDUCATION

**BS Computer Science**  
UET Taxila  
3rd Year – 6th Semester  
2023 – Present

### LANGUAGES

- ◆ English (Professional)
- ◆ Urdu (Native)
- ◆ Punjabi (Native)

### INTERESTS

- ◆ Mobile App Development
- ◆ Open Source Projects
- ◆ UI/UX Exploration
- ◆ Tech Communities
- ◆ Continuous Learning

### SOFT SKILLS

- ◆ Teamwork & Collaboration
- ◆ Clear Communication
- ◆ Adaptability
- ◆ Time Management
- ◆ Critical Thinking
